SDG WATCH MEMBER'S CHARTER

MISSION STATEMENT

SDG Watch Europe is a broad, cross-sectoral, civil society alliance which aims to ensure that the EU and its Member States meet all of the Sustainable Development Goals and targets, within Europe and externally.

In order to realise the overall mission of SDG Watch Europe, member organisations agree to:

(I) Work cross-sectorally with other civil society organisations and stake-holders to ensure the implementation of this ambitious global agenda.

(II) Develop and strengthen the work of SDG Watch Europe so that it becomes an important EU interlocutor for governments and other stakeholders.

(III) Advocate for inclusive and participatory structures and mechanisms at EU & MS levels to ensure full and effective SDG implementation ,within the EU and externally,

(IV) Work to ensure that the commitments to “leave no one behind” and to respect planetary boundaries made by the EU and its MS when adopting the SDG framework are fully respected.

(V) Advocate for the policies required to fully implement the SDGs in EU internal and external action , raise awareness of goals and targets amongst the general public, monitor and review EU & MS progress on SDG implementation, and push for action where needed.

(VI) Promote a critical shift away from the current unsustainable development model, focused almost exclusively on the market and economic growth, and target the European Union as a crucial actor to bring about this change, acting within its own borders and globally.

(VII) Promote a Human Rights Based Approach in all of the policy, advocacy and campaign work of SDG Watch Europe.

(VIII) Advocate for Policy Coherence for Sustainable Development and for the four dimensions of sustainable development (environmental, social, economic and governance) to be reflected in SDG implementation by the EU and its MS.

(IX) Identify and communicate the needs of civil society to the EU and to relevant international institutions, and work to promote civil society space and fight shrinking space of civil society in many countries in Europe and globally.

(X) Work within the SDG framework to ensure that governments and the private sector are held to account to a much greater extent.

(XI) Maintain the highest standards of transparency and integrity in the governance and overall functioning of SDG Watch Europe

I have read and agree to the Mission Statement as set out in the SDG Watch Member's Charter.
